The Adventure

For a group of Kitesurfers, we have created the first Kitesurf & Offroad Expedition in Namibia.

In 12 days, experience the perfect combination of Kitesurfing, Offroading and living in wild nature. Leave the Western world behind and go offline to experience the raw and most remote regions of Namibia. Become part of this unique Adventure, such as crossing the Namib, the world's oldest desert and the highest sand dunes, all off the beaten track. Ride with Lewis Crathern along the desert, a once in a life time opportunity.

Pro-Rider Lewis Crathern

We are thrilled to welcome World renowned athlete and coach, Lewis Crathern. Kitesurfing is his passion and ultimate dedication.

Throughout his successful career as an athlete, Lewis developed coaching techniques engaging our riders to bring out their best in kiting. Whether coaching at sea or ashore, Lewis delivers incredible experiences.

Your Offroad Experience

Since a major part of this expedition is travelling with fully equipped 4x4s approx. 2400 kilometres, experienced guides will give you lots of exciting offroading time in tough terrain.

KITE ARMADA

Your Kitesurf Experience

What you get is an unrivalled Kitesurf experience with absolutely no one around you in dream conditions, whether kiting on flat water, in waves and some long distance downwinders. No one ever kited along the Namib! It's like visiting another planet and you'll be one of the first ones! Average winds range between 20 and 35 knots along the coast, side shore from left (i.e. southerly winds), and usually kick in mid day. We usually conduct expeditions between mid August and November, the best months to kite.

Water temperatures range between 16 and 20 degrees. The long swell on route allows to travel up to 80 km a day with wave heights between 1 and 3 meters, but we will decide whether to kite at a dream spot or a downwinder, based the weather conditions. Air temperatures at day range from 20 degrees on the beach up to 38 degrees in the dunes. Nights can be chilly in the desert but the right clothing and a good quality sleeping bag will comfort you.

KITE ARMADA

Your Safety at Sea

You can well imagine, to kite along the South Atlantic coast in this remote area is a challenge for every kiter. This is what makes you an Adventurer and special among the mass.

We provide measures to enhance your Safety on land, by following every kiter by offroad vehicle and always remaining in sight of one another. We also enhance your Safety on the water with our experience kite guides, while you remain fully responsible for your gear and health.

KITE ARMADA

Please make sure, it's not damaged, e.g. pages broken/missing etc. Authorities in Namibia can be strict. Upon arrival, you will get a tourist visa (max. 90 days) which is a straight forward process. Security

Namibia is not as dangerous as other African countries further North. It's actually similar to Western European countries. Our experience is very positive. Locals are friendly and supportive. We never had any issues.

Namibia's Wildlife

One of the reasons for Namibia's success in Adventure Tourism is its wildlife. We will teach you everything necessary, so you learn how to deal with wild animals in a respectful and safe way. You may now relax knowing that no animal is after an attack for no reason.

Camping at

night around the fireplace ensures that animals are staying away. That's a given fact! It's likely that we will encounter Oryx Antelopes, Springboks, Steenboks, Ostriches, Jackals, Seals, Dolphin's, Whale's etc.

Since we love our planet, at all times we respect and protect Namibia's nature by not leaving anything behind and as untouched. Strictly no waste will be disposed!
